PROFESSIONAL SUMMARY

IT Risk and Cybersecurity professional with experience completing 18 IT audit and control assessment engagements across diverse industries, including financial services, technology, retail, investment, insurance, and construction. Experienced in ITGC, ITAC, risk assessment, cybersecurity control reviews and compliance assessments against ISO 27001,BNM RMiT, BNM MAS, and SC TRM requirements. Strong foundation in cybersecurity and security monitoring, supported by ISC2 CC and CompTIA CySA+ certifications, complemented by good analytical, communication, and stakeholder management skills. Committed to continuous learning and professional growth, with the ability to contribute effectively both independently and within a team.

EDUCATION

Universiti Sains Islam Malaysia (USIM), Nilai **Sept 2021 – Sept 2025**
Bachelor of Computer Science with Hons (Information Security and Assurance) CGPA: 3.86

CERTIFICATION

CompTIA Cybersecurity Analyst (CySA+) **Aug 2025**
Certified in Cybersecurity (CC) by ISC2 **Oct 2024**

SKILLS

Technical skills and tools proficiency:

- Proficient in Microsoft Office applications, including Word, PowerPoint, Excel, and Office 365.
- Strong understanding with practical exposure to ISO 27001, COBIT, BNM RMiT, BNM MAS and SC TRM.
- Experienced in performing risk assessments, security control evaluations, compliance reviews, and gap analyses.
- Familiar with AWS cloud architecture concepts including core services, cloud security principles, identity and access management (IAM), and shared responsibility model.
- Basic familiarity with Microsoft Power BI for dashboard creation and data visualization.
- Familiar with cybersecurity tools such as Burp Suite and Wazuh.
- Skilled in using network security tools like Wireshark, Nmap, and Snort.
- Able to write and understand code using Python, PHP, CSS, HTML, and SQL.

Soft skills:

- Able to multitask efficiently while maintaining focus and attention to detail.
- Adapt quickly to new challenges with a resilient and positive-minded approach.
- Languages**:** Malay (Native), English (Fluent) and Arabic (Basic).

WORK EXPERIENCE

Associate Risk Consultant – Crowe Malaysia Plt, Kuala Lumpur **Sept 2025 – Present**

- Led and participated in regulatory compliance assessments against Bank Negara Malaysia Risk Management in Technology (BNM RMiT), Merchant Acquiring Services (MAS), Securities Commission Technology Risk Management (SC TRM), IT General Controls (ITGC), IT Application Control (ITAC) and Data Integrity (DI) testing.
- Successfully completed 18 IT audit and control assessment engagements across diverse industries, including retail, technology, financial services, investment, insurance and construction.
- Experienced in auditing business-critical applications and platforms, including SAP, Point-of-Sale (POS) systems, HR2000, UBS Accounting and payment processing systems.
- Evaluated the design and operating effectiveness of IT and security controls, identifying technology risks and recommending practical remediation measures based on business and regulatory requirements.

- Identified and documented observations, root causes, findings and presented recommendations to management and stakeholders to address control weaknesses and compliance gaps.
- Consulted with clients to make recommendations on process and control design improvements.

Security Consultant Intern – Firmus Sdn Bhd, Kuala Lumpur **Feb – Aug 2025**

- Prepared ISO 27001 audit workpapers including audit plans, audit checklists, and documentation of audit findings, including major, minor non-conformities and opportunities for improvement (OFIs) reports.
- Participated in 2 External Service Provider (ESP) cybersecurity risk assessment projects by preparing documentation in alignment with the BNM RMiT framework, including kick-off slide presentations, Information Request Lists (IRLs), and assessment reports.
- Developed a web-based internal project Cyber Drill application using PHP to support client training simulations.
- Worked with team members to research and develop practical cyber drill scenarios tailored to recent threat models, supporting organizational security objectives and aligning with broader business initiatives.
- Worked as a supporting team member for ongoing projects including Data Loss Prevention (DLP), Data Centre Resilience and Assessment (DCRA), Internal IT Controls, and Business Continuity Management (BCM) awareness initiatives.

PROJECTS

ISMS Internal Auditor Training Development **May 2025**

- Developed and customized Bahasa Melayu training materials for client ISO 27001 Internal Auditor programs, including ISMS requirements, audit methodologies, reporting practices, and scenario-based quizzes to enhance learning effectiveness and practical understanding.

Home-Based SIEM Laboratory and Threat Detection Dashboard **Apr 2025**

- Built a home lab using Wazuh SIEM with custom detection rules and real-time alerting, simulating various attack scenarios across Windows/Linux endpoints and network devices for hands-on security monitoring.

Final Year Project: Sentiment Analysis For Toxicity Detection (CyTED) **Oct 2024**

- Developed a bilingual Malay – English cyberbullying sentiment analysis model using a custom dataset of 20,000 samples scraped from Twitter, implementing advanced text preprocessing and data cleaning and achieving over 85% accuracy with optimized SVM, Random Forest and Logistic Regression model.

ACHIEVEMENTS

- Top 15 Finalist |UM Cybersecurity Summit CTF 2025 **May 2025**
- First Place Award | Microsoft AI for Accessibility Hackathon **Jun 2024**
- Top 20 Finalist | RAKSASA CTF 2023 by Rawsec **Oct 2023**
- Top 5 Finalist Speaker | Kejohanan Debat dan Pidato Piala Naib Canselor USIM **Mar 2023**

LEADERSHIPS AND INVOLVEMENTS

Director | USIM GISO 2024: Jaulah Negara Pusaka Nusantara, Yogyakarta, Indonesia **Aug – Sept 2024**

- Demonstrated strong relationship-building skills and interpersonal communication by leading a multi-disciplinary team across cultural and operational activities.

Secretary | Information Security and Assurance Club **Oct 2022 – Oct 2023**

- Frequently served as an emcee and moderator for academic discussions and faculty events, facilitating smooth professional communication and engagement among participants.

Secretary| Bulan Sabit Malaysia Universiti Sains Islam Malaysia **Oct 2021 – Feb 2023**

- Responsible for managing official documentation, correspondence, and activity reports related to BSMM events and actively participated in humanitarian efforts and community service initiatives.
